

WHAT IS GMS & HOW MIGHT A CLUB USE IT?

GMS is the RFU's primary platform to support the administration of the game

Player Affiliation, Player Registration & Golden Roles

- *Mandated for RFU voting clubs: Annual Affiliation of all age-grade players*
- *Mandated for RFU voting clubs: Registration of All Female players, Selected Adult Male Players*
- *Selection of mandatory Golden Roles entered by Club, some compliance tasks required e.g. Payment of Players Dec*

Entry of Teams & Key Roles

- *Club nominates all teams within Club*
- *Allocation of key roles (coaches, team managers etc.) and DBS compliance and Safeguarding Audit*

Club Communications, Memberships & Payments

- *Club uses GMS to communicate with its database via email*
- *Management of members, including allocation of membership schemes and online payment*

Friendly Fixtures & Results

- *All competition fixtures are pre-populated against club*
- *Club enters any remaining 'unstructured' fixtures, cumulative totals contribute to International Ticketing Allocation*

Electronic Match Card

- *Ability to utilise electronic match card to enter line ups, match events and results (desktop and mobile)*
- *Replacement of paper based process thus reducing administration effort*

Club Websites

- *Opportunity to utilise free website to surface GMS data, including: key contact roles, memberships & competition information (including Match Card info)*

Access via responsive
web page on any device
