- 3.2 These Regulations may be varied from time to time (whether by way of alteration, addition, deletion or otherwise) by the RFU. No changes may be made by the RFU Council (or deletions made by it) unless the changes are agreed by Premiership Rugby.
- 3.3 The RFU shall have the power to delegate any of its powers, duties or obligations under these Regulations to the Tournament Organiser, who in turn may delegate to the Tournament Director.
- 3.4 These Regulations are supplemental to the RFU Regulations which, for the avoidance of doubt, shall have full force and effect save to the extent that the RFU Regulations are varied by these Regulations. In the event of conflict between these Regulations and the RFU Regulations, these Regulations will prevail and the RFU Regulations (to the extent that they affect the Clubs) are deemed varied by these Regulations.
- 3.5 If any of the provisions of these Regulations shall be found to be void or unenforceable, such provisions shall be deemed to be deleted from these Regulations and the remaining provisions of these Regulations shall continue in full force and effect and the RFU, having consulted with the Tournament Organiser, shall use its reasonable endeavours following the procedures laid down by Regulation 3.2 above to procure that such provision is replaced by a provision which is valid and enforceable and which gives effect to the spirit of these Regulations.

4. The Competition

- 4.1 The Competition shall be called 'The Premiership Rugby Cup' or such other name as is agreed by the RFU and Tournament Organiser which may include the name of the sponsor and shall be played between the twelve English Premiership Clubs.
- 4.2 All matches in the Competition shall be played in accordance with these Regulations, the World Rugby Laws of the Game of Rugby Union Football and World Rugby Regulations (including such Law variations and other variations as may be agreed by the RFU).
- 4.3 The Competition will be played in two stages, the pool stage and the knock-out stage.

The pool stage

4.4 For the pool stage, the Clubs will be divided into three pools of four Clubs each as set out below:

Pool 1	Pool 2	Pool 3
Exeter Chiefs	Saracens	Wasps
Newcastle Falcons	Leicester Tigers	Gloucester Rugby
Bath Rugby	Sale Sharks	Northampton Saints
Harlequins	Worcester Warriors	Bristol Bears

4.5 These pools will be reset in any future year avoiding clashes with EPCR competition pools.

4.6 Each team shall play the other teams in its pool once, home or away, and also a Derby Match against a team from another pool as set out below:

- Bath Rugby v Gloucester Rugby
- Bristol Bears v Exeter Chiefs
- Worcester Warriors v Wasps
- Northampton Saints v Leicester Tigers
- Sale Sharks v Newcastle Falcons
- Harlequins v Saracens

4.7 The following points shall be awarded based on the results of each Pool Match and also each Derby Match (such points to be referred to as "League Points" to distinguish them from points scored on the field of play):

4.7.1 The Club that wins the Match shall be awarded four League Points or (if it scores four tries or more in the process) five points.

4.7.2 The Club that loses the Match shall be awarded no League Points or if it scores four tries or more in the process or loses by a margin of seven points or fewer one League Point or if it scores four tries or more in the process and loses by a margin of seven points or fewer two League Points.

4.7.3 Clubs that draw a Match shall each be awarded two League Points and any of them that scores four tries or more in the process shall also be awarded a further one League Point.

4.8 On completion of the pool and Derby Matches each Club will be ranked within each pool on the following basis:

4.8.1 The Club with the greatest League Points will be placed above a Club with lesser League Points; or

4.8.2 If League Points are equal it will be the Club with the most wins; or

4.8.3 If the number of wins is also equal it will be the Club with the greatest points difference; or

4.8.4 If the points difference is also equal it will be the Club with the greatest points for; or

4.8.5 If the points for is also equal it will be the Club who has scored the higher number of tries; or

4.8.6 If the number of tries is also equal it will be the Club who has the least number of red cards; or

4.8.7 If the number of red cards is equal it will be the Club who scored the greater number of points scored in the match between the two Clubs; or

4.8.8 If the number of points scored in the match between the two Club is equal, the Tournament Director shall conduct a draw of the relevant Clubs, being that the first Club drawn shall be deemed the higher ranked Club.

For avoidance of doubt, the results from the Derby Match will be included in the calculations to determining rankings set out in Regulation 4.8 and 4.9.

- 4.9 The three pool winners (ranked 1, 2 and 3) and the highest ranked second place team (ranked 4) will qualify for the knock-out stage. These four semi-finalists will be decided by reference to the following criteria:
- 4.9.1 If two or more pool winners (or two or more second place teams in respect of determining the 4th ranked team) are equal on League Points, then the order in which they are ranked will be determined on the following basis:
- i. If League Points are equal it will be the Club with the most wins; or
 - ii. If the number of wins is also equal it will be the Club with the greatest points difference; or
 - iii. If the points difference is also equal it will be the Club with the greatest points for; or
 - iv. If the points for is also equal it will be the Club who has scored the higher number of tries; or
 - v. If the number of tries is also equal it will be the Club who has the least number of red cards; or
 - vi. If the number of red cards is equal the Tournament Director shall conduct a draw of the relevant Clubs, being that the first Club drawn shall be deemed the higher ranked Club.

The knock-out stage:

- 4.10 The knock-out stage shall be divided into two semi-final Matches and a final Match.
- 4.11 The semi-final Matches will be knock-out, each played over one Match at a venue designated by the Tournament Organiser in accordance with 4.13.
- 4.12 The semi-final Matches shall comprise the top Club from each pool in accordance with Regulation 4.9. Each of the four qualifying Clubs shall be ranked in accordance with the principles set out in 4.9.1 above and shall play each other as follows:
- semi-final 1 1st ranked Club v 4th ranked Club
 - semi-final 2 2nd ranked Club v 3rd ranked Club
- 4.13 The first Club listed in each of the semi-final matches shall be the Home Club.
- 4.14 The winners of the two semi-final Matches will proceed to the cup final. The cup final will be played at a venue of the highest ranked finalist Club based upon the rankings determined in accordance with Regulation 4.9.
- 4.15 In the semi-finals and the final, if after 40 minutes of play each way the scores are level, there shall be a five minute break (where the teams and players shall remain on the pitch) and then a period of extra time shall begin between the teams of 10 minutes each way, with a 1 minute interval. If the scores remain equal after this period of extra time then the winner will be the team which has scored the most tries in the game (including extra time). If the scores are level and the number of tries scored is equal, then there shall be a place kick competition (as set out in Appendix One) to determine the winner.

5. Fixtures & Kick-off Times

- 5.3 The semi-finals shall be on weekend of 9th February 2019 and the final shall be on Sunday 17 March 2019
- 5.4 In relation to a Match televised live, the Tournament Organiser shall, as soon as reasonably practicable, determine the day on the published weekend and the time of kick off for such Premiership Rugby Cup Match and notify the relevant Clubs.
- 5.5 Notwithstanding any other provisions of these Regulations, the Tournament Organiser shall have the absolute right to select or alter the proposed date or kick-off time.
- 5.6 All Matches shall be of 80 minutes duration, divided into two halves of 40 minutes each. In all Matches, the interval between each of the two halves shall be 15 minutes during which time the teams will leave the pitch.

Non-Fulfilment of fixture obligations

- 5.7 Each Club must comply with the schedule of pitch inspections agreed by the Tournament Organiser and the RFU's Head of Professional Match Officials Team in the days leading into any Match and on the day of the scheduled Match.
- 5.8 In adverse weather conditions, each Club must notify the Tournament Organiser of any concern in relation to the condition of the pitch and notify the Tournament Organiser of the steps it has taken to minimize disruption to any Match. The Club must retain regular contact with both the Tournament Organiser and the RFU's Head of Professional Match Officials Team in relation to the condition of the pitch. The Tournament Organiser may exercise its powers under Regulation 5.8 to require a Club to take appropriate action to ensure its pitch is being maintained to an adequate standard. It is the responsibility of the Home Club to monitor the weather conditions in the week leading into any Match.
- 5.9 The Referee shall determine if the ground is fit for play. Wherever possible, that decision will be made by the Match Referee at least 3 hours before the scheduled kick off. However, where there is a possibility that conditions could change and the pitch be fit to allow the Match to go ahead, the Referee or other identified official, may decide to delay any decision until any time prior to kick off. If one team refuses to play it may be subject to disciplinary action and the burden of proof will be placed upon the Club who decided not to play to give an acceptable rationale for not playing.

Abandoned Matches – weather conditions

- 5.10 If weather conditions prevent a Match being played or a Match is abandoned because of such conditions with less than sixty minutes having been played, it is the responsibility of the Referee

and the Home Club (other than in the knock out stage) to verbally advise the Tournament Organiser of the reason for non-playing or non-completion of the Match immediately following the abandonment and to provide the Tournament Organiser with a written report within 24 hours of the abandonment unless an extended period has been specified by the Tournament Organiser. The Tournament Organiser will determine if the Match will be replayed on a date specified by the Tournament Organiser (having first consulted with the RFU's Professional Rugby Director) or whether the result will stand.

- 5.11 Following the notification of the abandonment of the Match from the Referee and having obtained advice in relation to the forecasted local weather conditions and being in receipt of any other information deemed by the Tournament Organiser to be relevant, the Tournament Organiser may determine that the pitch could be playable the following day and may require the away team to remain in the immediate vicinity of the ground for a further 24 hours.
- 5.12 If the Tournament Organiser, in its absolute discretion, determines that the Match may be playable within approximately 24 hours following any postponement, the Home Club must have made all necessary health and safety arrangements and arranged appropriate stewarding to ensure that the Match can be played if the pitch is passed fit by the Referee.
- 5.13 If a Match is abandoned because of weather conditions when sixty or more minutes have been played, then the score at the moment of abandonment shall stand and be deemed the final score in the Match. The Referee's decision as to the necessity for abandonment and the number of minutes played at the moment of abandonment shall be final.

Abandoned Matches – any reason other than weather

- 5.14 If the Referee finds it necessary to abandon a Match for any reason other than weather conditions, then, irrespective of the number of minutes played, the result and score of that Match may be determined by the Tournament Organiser in its absolute discretion but subject to the right of the affected Clubs to appeal the decision pursuant to Regulation 14. The Tournament Organiser may order the Match to be replayed in which event the Match will take place on a date specified by the Tournament Organiser (having consulted first with the RFU's Professional Rugby Director).

Failure To Fulfil Obligations

- 5.15 No Club shall, without just cause (it being for the Tournament Organiser, to determine whether or not just cause exists), fail to fulfil its fixture obligations in respect of a Match on the date and at the time appointed for such fixture.
- 5.16 In the event that a Club shall so fail to fulfil its fixture obligations in respect of a Match the Tournament Organiser may, and subject to the Club's right of appeal pursuant to Regulation 14, in its absolute discretion in the case of Premiership Rugby Cup pool (and Derby) Matches award the league points to either side, divide the league points between the sides or decide that no league points shall be awarded. If the Tournament Organiser is of the view that a Club has unjustifiably failed to fulfil its fixture obligations in respect of a Match, it may in the case of Premiership Rugby Cup Matches deduct league points from the Club and/or in the case of all Matches make an order for a fine to be imposed and/or award compensation and/or award the result of the Match to the other Club. In addition or instead it may order the Match to be postponed or re-arranged or replayed on a date specified by it. All decisions made by the Tournament Organiser pursuant to this Regulation 5.17 shall be subject to the right of the affected Clubs to appeal the decision pursuant to Regulation 14.
- 5.17 Any Club which is suspended from playing rugby union football for disciplinary reasons will not be permitted to re-arrange any Match falling within the period of the suspension. The effects thereof on the non-offending Clubs in the Premiership Rugby Cup shall be dealt with by the

RFU (having consulted with the Tournament Organiser) in its absolute discretion but subject to a right of appeal by any affected Club.

- 5.18 In addition to whether or not a penalty is imposed upon a Club by the Tournament Organiser or the RFU, where in the opinion of the RFU the Club has failed to honour its Match obligations, a Club shall be liable to pay to any opposing Club compensation in respect of the losses, damages liabilities, costs or expenses suffered or incurred by such opposing Club as a result of such failure. The amount of such compensation will in default of agreement between the Clubs be determined by the Tournament Organiser and a Club may appeal the compensation award in accordance with Regulation 14

6. Player Eligibility & Match Squads

(NB: It is for the participating Club to ensure it complies with this Regulation 6)

- 6.1 Subject to Regulations 6.3, 6.4 and 6.5 a Club in a Match may only play or select as a replacement or substitute players who:

- 6.2 The record held by the RFU is the only and conclusive evidence of a player's eligibility in relation to an English Premiership Club (save in the case of such registration having been made as a result of inaccurate, false or misleading information having been provided in which case the player will not be eligible) and if a player is on the match result card but not on the RFU's record as being eligible to play for an English Premiership Club, that player will be deemed ineligible.
- 6.3 A Club may not be represented in the Competition by any person who has played or been a replacement or substitute (i.e. included in the match squad) for another Club in the Competition in the current season.

- 6.5 Notwithstanding any other provision in these Regulations, no Player may participate in the Competition whilst serving a disciplinary suspension imposed under the Disciplinary Regulations or by his Club, the Union with jurisdiction over his Club, or any other competent party, whether such suspension has been imposed pursuant to these Regulations, the rules or regulations of that Club or Union, the rules of any other rugby union competition, World Rugby or the Regulations relating to the Game.

Match Squads – Replacements

- 6.8 If a Match is completed and contained uncontested scrums, the Club that was responsible for causing uncontested scrums must upon the request of the Tournament Organiser provide to the Tournament Organiser such information as it may require including if requested a medical report identifying the injuries sustained by its front row Players which must be signed by the Club Doctor. The Tournament Organiser may take such action it deems appropriate in respect of any suspected, alleged or actual breach of Regulations 6.9 to 6.15 and shall notify all Clubs of any action taken, if any. Any Club may appeal against the decision of the Tournament Organiser in accordance with Regulation 14.
- 6.9 In every case where a Player needs to leave the field with a bleeding or open wound (“blood injury”) a member of the opposition medical team has the right to request that the injury is assessed before any temporary replacement is authorised. That request must be made through the Reserve Referee prior to the Reserve Referee confirming any change with the Referee. The injury must be examined in the technical zone under the supervision of the Reserve Referee.
- 6.10 In circumstances where a member of a Club's medical team feels that there is a need to assess a blood injury of an opposition Player after a temporary replacement has been authorised, this request will also be made through the Reserve Referee who will facilitate an assessment with the opposition's medical team.
- 6.11 All requests to assess an injury of an opposition Player which are made through the Reserve Referee will be the subject of a report from the Reserve Referee which will be provided to the Tournament Organiser. The Tournament Organiser will have the ability to request any further information from any party connected to the Club(s) as it sees appropriate.

7.4 The Home Club shall, within four hours after the end of the Match, complete and sign (by electronic signature) the Match Result Card and submit it to the Tournament Organiser with a copy to the RFU or such person or agency as he may determine and notify the Clubs from time to time. The RFU shall hold the definitive table of results for the Premiership Rugby Cup.

7.5 The online electronically generated Match Result Card will be the only evidence acceptable from a Club of the names of the Players who played or were replacements for the Match without prejudice to the right of the Club to produce supporting evidence in the event of a question being raised.

Appendix One

Place Kick Competition

If at the end of a Knock-Out Match, after extra-time has been played, the scores remain equal and the number of tries scored in the Match is equal, then the referee will conduct a place-kick competition to determine the winner of the Match, according to the following procedures:

o All players and the Match Officials will remain on the playing area. The referee will call the captains of the two teams at the end of the match to the centre of the pitch and will conduct two coin tosses. The first toss of the coin will determine which team selects the end of the playing area at which all place kicks will be taken; the second toss of the coin will determine which team kicks first or second.

o The Match Officials and the six nominated players (3 from each side) will assemble on the halfway line. All other players and team management must remain in the technical areas. No one other than the Match Officials and the participating players are allowed in the playing area or behind the posts for the duration of the kicking competition.

o Team A and Team B will each nominate 3 kickers from the players on the pitch at the end of extra time to participate in the place kick competition.

o Each kicker will be allocated a number i.e. Kicker 1, Kicker 2 or Kicker 3. This designation cannot change.

o If during the place kick competition any of the 3 kickers becomes injured he will be replaced by a player who was on the pitch at the end of extra time.

o The first phase of the competition will consist of 6 kicks from 6 positions as outlined in the diagram below.

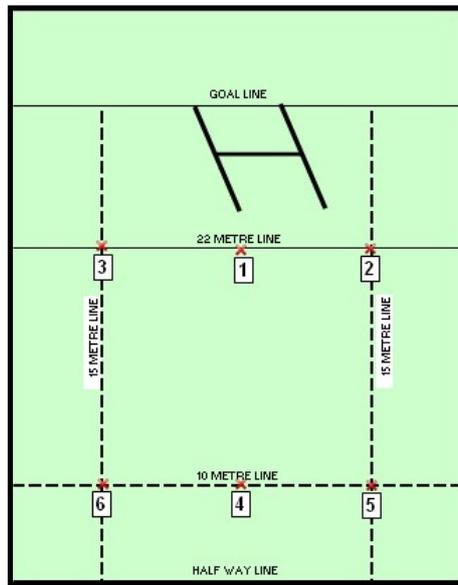

o Each kicker will take 2 kicks in the following order:-

- Kicker 1 from team A and Kicker 1 from team B will each take a kick from position 1.
- Kicker 2 from team A and Kicker 2 from team B will each take a kick from position 2.
- Kicker 3 from team A and Kicker 3 from team B will each take a kick from position 3.
- Kicker 1 from team A and Kicker 1 from team B will each take a kick from position 4.
- Kicker 2 from team A and Kicker 2 from team B will each take a kick from position 5.
- Kicker 3 from team A and Kicker 3 from team B will each take a kick from position 6.

o If the teams are level at the end of the 6 kick competition there will be a 'sudden death competition'. All kicks will take place from position 4 and kicks will be taken in the following order:-

- First to kick will be Kicker 1 from each team
- Second to kick will be Kicker 2 from each team
- Third to kick will be Kicker 3 from each team
- Kicks will continue in this order until a point is reached where each team has taken the same number of sudden death kicks but one team has scored one more than the other team. When this point is reached the team that has scored more successful kicks will be declared the winner.

o For the avoidance of doubt the referee is the sole judge of whether a kick has been successful. In reaching this decision the Match Referee may rely on assistance from his assistant referees and/or Television match official

Appendix Two

Substitution Protocol

1 Before the Match begins, each participating Club must advise the 4th match official of its nominee to fill in and sign the substitution cards. The nominee should be the team coach, who must be in the technical zone during the Match.

2 When a Club decides to replace a Player on the Playing Area, the Club's nominee fills in the appropriate details on the substitution card and signs it. The numbers of the Player leaving the Playing Area and the Player replacing him must be written in the appropriate box on the substitution card.

When a Player leaves the field of play for a bleeding/open wound, the blood box will be ticked and the numbers of the leaving Player and the replacement Player will be entered in the appropriate box. The process is repeated when the first Player returns to the field of play.

The sin bin box is ticked when a Front Row Player has been sin-binned and another Front Row Player has to enter the Playing Area in order to ensure non-contested scrums do not occur. The numbers of the Player leaving the Playing Area to accommodate the replacement front row Player and the replacement Front Row Player must be written in the appropriate box on the substitution card.

The card does not represent a valid request until it is signed.

3 The card is then handed to the 4th official, who will check the details and then proceed with the substitution.

4 The 4th official will add the details to his substitution form.

5 Once the card has been passed to the 4th official, a substitution is only effective when the referee signals for the Player to be replaced. A Club may amend details on the card given to the 4th official until the replacement takes place. Any amendments to the card must be authorised by signature by the Club's nominated person.

6 During a Match, each Club will receive a different colour substitution card which will be decided by the 4th official.

PREMIERSHIP RUGBY CUP

2018-19 RFU Head Injury Assessment Review Process

The HIA Review process is an education, training and compliance support process developed to underpin player welfare and safety in elite adult rugby with respect to head injuries. This process will monitor adherence to the latest World Rugby HIA Protocols. The HIA Review process will replace the Concussion Management Monitoring Process (CMMP) from September 1 2017 for all tournaments and competitions for which the RFU obtains World Rugby approval to apply the Head Injury Assessment set out in World Rugby Law 3.12.

This process is in line with and reflects the key features of the World Rugby HIA Review Process which have been provided to all Unions. In the event of any inconsistency between the World Rugby HIA Review Process and the RFU HIA Review Process, the RFU process set out in herein will take precedence.

Please note that this process does not seek to intervene or influence the medical management of any individual player, which shall remain the responsibility of the Club/Team doctor.

The RFU HIA Review Process will apply in the following tournaments/competitions:

- Premiership
- Premiership Rugby Cup
- England Senior Summer and Autumn Home Internationals (men and women)
- England U20 Home Internationals (men and women)
- Premiership Rugby Shield *Post Game Video Review upon referral only
- Championship *Post Game Video Review upon referral only

* It is acknowledged and approved by World Rugby that for certain competitions, a post game video review process upon referral will be necessary rather than this process applying to all HIA events.

The RFU Head Injury Assessment Review process will consist of two discrete elements which are:

- The Post Game Video Review process and
- The Head Injury Assessment Review process.

Post Game Video Review Process (PGVR)

1. The PGVR process shall be agreed by the PGB Medical Advisory Group and notified to each Club and England Team in writing.
2. The deadlines set out in this document may be amended with the written agreement of the RFU Professional Rugby Director (or his/her designee) or in the case of any match involving a Premiership Club, the PRL Rugby Director (or his/her designee).
3. The PGVR will be instigated either by an independent video reviewer (IVR) reviewing the match footage: (a) of his/her own accord; or (b) in response to a referral from a club, citing officer or referee involved in the match or by the RFU Professional Rugby Director or PRL Rugby Director (or his/her designated nominees), provided such referral is made within 48 hours from the end of the match.
4. The IVR will review the match footage and within 12 hours of the footage being uploaded onto the Review Portal for review, the IVR will:

- (a) Submit comments onto the Review Portal ; and
 - (b) Write to the Club or England medical team should the IVR have further enquiries of the club/team.
5. In the event the IVR makes further enquiries from the Club or England medical team, the Club or England medical team must respond to the IVR within 48 hours of receipt of the written enquiries by uploading their responses onto the Review Portal.
 6. All written enquiries and responses shall be done via the online Review Portal.
 7. In the event of a disagreement between the IVR and the team doctor on the interpretation of a video, the IVR shall inform the RFU Medical Services Director (MSD) who may consult with the World Rugby Independent Video Interpretation Expert Group. If consulted, the World Rugby Independent Video Interpretation Expert Group must provide its written report within 24 hours of receipt of the review request. Notwithstanding any referral to or report from the World Rugby Independent Video Interpretation Expert Group, the IVR still has the ability to refer a case in accordance with paragraph 9 below.
 8. If the IVR or MSD concludes that there is a justifiable medical reason or explanation for an incident, no further referral will be required and the MSD will decide whether further action, education and/or training is required.
 9. If the IVR or MSD concludes anything other than a justifiable medical reason or explanation for an incident, the IVR or MSD must refer the case to the HIA Review Group set out in paragraph 10 below. By way of guidance only, below is a non-exhaustive list of examples which should result in a referral to the HIA Review Group:
 - a. A deliberate or reckless failure to comply with the HIA Protocols is evident for example off-field assessment completed in time that compromises quality of assessment, potential tactical manipulation of HIA Protocol
 - b. A failure of the delivery of video viewing is identified e.g. no side-line video link
 - c. A deliberate attempt by any team member to influence a medic in relation to HIA is noted
 - d. Repeated errors (more than 2 in a 2-year period) in application of HIA Protocols
 - e. Evidence of a deliberate obstruction of the HIA Protocol or HIA Process Review
 - f. Any other act or omission in relation to the HIA Protocol that significantly jeopardises player welfare

Head Injury Assessment Review

10. The HIA Review Group shall be appointed by the RFU Head of Judiciary and composed of an:
 - a. Independent Lawyer (who must be eligible to sit as a Judicial Officer under World Rugby Regulations) who shall chair the HIA Review Group
 - b. Union MSD
 - c. A member of World Rugby's independent Concussion Advisory Group (who is independent of the World Rugby Independent Video Interpretation Expert Group)
11. The chair of the HIA Review Group may, if he/she wishes:
 - a. invite a competition representative and a RFU representative to sit as additional members of the HIA Review Group; and/or
 - b. consult with other third parties such as competition representatives/tournament organisers.
12. The HIA Review Group will preferably meet in person (or via conference call if absolutely necessary) within 36 hours of a referral by the IVR or MSD.
13. The HIA Review Group may at any point make further enquiries of the club, England team, the independent reviewer and/or the World Rugby Video Interpretation Expert Group and such

individuals or group must provide responses to such enquires by the deadline set by the HIA Review Group.

14. The HIA Review Group has the power to investigate all matters referred to it and all clubs/teams must cooperate in full with such investigation, including providing requested information within the timeframes provided. Provided all timeframes set by the Group are complied with, the Group will issue its findings within 14 days of the referral.
15. Following conclusion of an investigation, the HIA Review Group may in its absolute discretion:
 - (a) Make recommendations for further education and training for the club/team personnel, including the club/team doctor;
 - (b) Make recommendations for the World Rugby HIA Working Group to consider an alteration in the process, education and/or training; and/or
 - (c) Make a referral to the RFU Head of Discipline to consider further disciplinary action.
16. The HIA Review Group must send a written report to the Club, Union and relevant competition organiser setting out its recommendations.
17. There is no power to appeal any decision of the HIA Review Group.
18. Any referral to the RFU Head of Discipline will be conducted in accordance with the process set out in RFU Regulation 19. Nothing in this document will be affect the ability of the RFU Head of Discipline to use any powers he/she may have under RFU Regulation 19, including the power to bring disciplinary action at any stage.
